EDUCATIÓN

Diploma in Computer Application Programming — National University of Costa Rica | Jan 2023 – Jul 2025
Bachelor's Degree in Systems Engineering (In Progress) — National University of Costa Rica | Jan 2023 – Expected Nov 2026

PROFESSIONAL EXPERIENCE

Full Stack Developer — Freelance | Mar 2025 – Present
Cámara de Ganaderos — Informational and Administrative Web System
• Developed a full-stack web application using React, Node.js, and MySQL to digitize administrative and budgeting processes.
• Implemented authentication and role-based authorization using REST APIs and protected routes to ensure secure access to internal data.
• Designed and developed a financial management module to track actual and projected income and expenses, improving financial visibility and control.
• Built dynamic forms and frontend validation logic to enhance data accuracy and streamline administrative workflows.

Academic Project — Municipal Management System | Nov 2025
• Developed a municipal management system to manage taxpayers, properties, and administrative procedures using React, TypeScript, and .NET in a full-stack architecture.
• Built backend REST APIs in .NET to handle CRUD operations, validation rules, and business logic related to municipal services.
• Implemented a responsive frontend interface using React and TypeScript with dynamic forms, tables, and data views for managing municipal records.
• Designed and implemented a relational database in SQL Server, including tables, relationships, stored procedures, triggers, and auditing mechanisms.

Student Assistant — Systems Engineering Coordination | Mar 2025 – Present
National University of Costa Rica (UNA)
• Support administrative operations and academic coordination within the Systems Engineering program.
• Assist in organizing academic activities and institutional events for students.

TECHNICAL SKILLS

React, JavaScript, TypeScript, HTML, CSS, Tailwind, .NET, C#, C++, Node.js, APIs REST, SignalR, RabbitMQ, SQL (MySQL/SQL Server), GitHub, Azure DevOps, Postman.

LANGUAGES

English — Intermediate (Reading and conversational communication)

SOFT SKILLS

Teamwork, Analytical Thinking, Problem Solving, Adaptability, Fast Learning, Continuous Improvement Mindset

ACTIVITIES

Captain — University Women's Futsal Team | Mar 2024 – Jun 2025

CERTIFICATIONS

PM4R Practitioner | Jun 2025
Scrum Fundamentals Certified | Abr 2025
Intermediate English Level — Academia Europea | Nov 2025
